Nick and rod.

I know the flooring will have a texture and when I've reviewed it outside it looks good. So the latest platinum sample provide I would approve the color match

Rod,

Good morning. Josiah and I had a chance to review the sample I picked up Monday morning. From my perspective (understanding I'm not the ID 😊), the smooth side seemed to have more brown tint in it when comparing to the vinyl sample. However, when flipping over the sample chip, the textured side looked to be a better match to the vinyl. **Josiah**, can you please share any other feedback you have with Rod on this sample we looked at? I know it is becoming critical that they get new flooring on order to meet launch timing.

Thanks,

Nick Zizzo, MBA, CPSM, CPSD

Subject: Color Match

Gentlemen,

Good afternoon. If you could please let me know when you have decided if the Platinum color match has been approved I would appreciate it. Thank you again for picking it up Nick. Have a great evening!

Thanks,

Rod Gawthrop
